

FLIGHTCRAFT

Flightcraft Inc. announced the completion of a \$1.5 million business aviation terminal at its Eugene, Ore., facility.

According to Flightcraft, the facility improvements demonstrate one way it is committed to customer service.

According to Flightcraft, the newly remodeled facility is approximately 3,800 square feet, more than double the size of the former business aviation terminal facility.

The improved facility includes executive luggage service, improved catering

facilities, two conference rooms, wireless Internet, ramp and parking lot security cameras, as well as a pilot lounge with a flight-planning center, private shower, bathroom and snooze room.

"We are very excited about our new facility, and the sense of leisure it provides," said **Derek Burge**, operations manager for Flightcraft's Eugene facility.
